

Fair use policy: Contacts importer hosted version

As of 10th April 2009, we have implemented this fair use policy.

Please contact support@iplussoft.com for enquiries.

Introduction

By registering, using and accessing Iplussoft *Contacts Importer REST services* or any other internet service which may be provided by Iplussoft from time to time, the customer is bound and subjected to these terms and conditions as contained herein.

Purpose

The services are designed as a shared service and customer's activities will impact on other users using and sharing the same application. To ensure fairness of usage and experience to all our customers, we (Iplussoft) has introduced and implemented the Fair Usage Policy.

Excessive Usage

The excessive usage of our services may have a high impact on the experience of all our customers. Therefore, it is our responsibility to ensure fair usage. Our current allocated volume for each customer is as follows:

2000 requests per day

Excessive requests (over 2000 per day) may lead to temporary service suspension under this policy, of which, our customer will be notified by email or phone before the deactivation of service. For details of your average requests, please contact support@iplussoft.com.

Variations and amendments

Iplussoft reserves the right to vary the terms and conditions of this policy from time to time with or without notice to the customer and the customer shall be bound by such variation and changes.

Terms

“Request” means one client to server communication requesting a data.
